MEMORANDUM FOR THE RECORD

SUBJECT: Possible Lobby Group on S. 1035

1. The Congressional Monitor reports that John P. Diquid, Esq., 1001 Connecticut Avenue, Washington, D.C., is employed by the Association of Federal Investigators, 815 15th Street, Washington, D.C., as a representative on legislation pertaining to federal investigation and law enforcement including H.R. 10037 and S. 1035. Since the House of Representatives has not yet reached bill number 10037 in the 91st Congress, it is assumed that the H.R. reference is to the 90th Congress. H.R. 10037 in the 90th Congress dealt with wiretapping and eavesdropping devices, and S. 1035, of course, was the "Ervin bill."

2. The information above is based upon reports filed with the Clerk of the House pursuant to the Federal Regulation of Lobbying Act.
